INDEPENDENT AUDITOR'S REPORT

Board of Directors
Second Harvest Food Bank of Middle Tennessee, Inc.
Nashville, Tennessee

REPORT ON THE AUDITS OF THE FINANCIAL STATEMENTS

OPINION

We have audited the financial statements of Second Harvest Food Bank of Middle Tennessee, Inc. (the "Food Bank"), a Tennessee not-for-profit corporation, which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities, cash flows and functional expenses for the years then ended and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Food Bank as of June 30, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINION

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Food Bank and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

RESPONSIBILITIES OF MANAGEMENT FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in aggregate, that raise substantial doubt about the Food Bank's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, internal omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Food Bank's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

REPORT ON SUPPLEMENTARY INFORMATION

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Food Bank taken as a whole. The schedule of expenditures of federal awards on page 29-30, as required by Title 2 U.S. *Code of Federal Regulation Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), and the schedule of expenditures of state financial assistance on page 31, as required by the *Audit Manual* issued by the Comptroller of the Treasury of the State of Tennessee, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information on pages 29-31 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole.

OTHER INFORMATION

Management is responsible for the other information included in the financial statements. The other information comprises the board of directors listing on page i but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2023, on our consideration of the Food Bank's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Food Bank's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Food Bank's internal control over financial reporting and compliance.

SECOND HARVEST FOOD BANK OF MIDDLE TENNESSEE, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2022 AND 2021

NOTE 1 - GENERAL

Second Harvest Food Bank of Middle Tennessee, Inc. (the “Food Bank” or “Second Harvest”) was founded in 1978. Its mission is to provide food to people facing hunger and work to advance hunger solutions. The Food Bank is one of over 200 certified members of Feeding America[®], the Nation’s Food Bank Network (the “Network”).

The Food Bank also operates the Project Preserve[®] program which distributes purchased products and internally manufactured food items to local agencies and other Feeding America[®] affiliates throughout the country. The gross profit from these sales is used to supplement the Food Bank’s efforts within its own local service area. During 2022 and 2021, the program contributed approximately \$5.1 million and \$7.4 million, respectively, to the Food Bank’s mission to feed hungry people.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Food Bank have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”), which require the Food Bank to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Food Bank’s management and the Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Food Bank or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. The Food Bank did not have any net assets with donor restrictions that are perpetual in nature as of June 30, 2022 or 2021.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the Statements of Activities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Grants

Contributions are recognized when cash, other financial assets or unconditional promises to give are received. A contribution is conditional if an agreement includes a barrier that must be overcome and either a right of return of assets transferred or a right of release of a promisor's obligation to transfer assets exists. The presence of both a barrier and a right of return or right of release indicates that a recipient is not entitled to the contribution until it has overcome the barrier(s) in the agreement. Conditional promises to give are not recognized until the barrier(s) in the agreement are overcome.

Grants awarded by various federal, state and local agencies are generally considered nonreciprocal transactions restricted by sponsors for certain purposes. Grant revenue is recognized when the conditions upon which it depends are substantially met, which primarily is when qualifying expenses occur. Payments received in advance of conditions being met and the value of undistributed food commodities are recorded as deferred revenue on the Statements of Financial Position.

Contributions of Non-Financial Assets

Any gifts of equipment, facilities or materials are reported as net assets without donor restrictions unless explicit donor restrictions specify how the assets must be used. Gifts of long-lived assets with explicit restrictions as to how the assets are to be used or funds restricted for the acquisition of long-lived assets are reported as net assets with donor restrictions. Expirations of donor restrictions are recognized when the donated or acquired long-lived assets are placed in service.

The Food Bank receives significant contributions of donated food products, both in the form of unrestricted contributions and conditional commodities grant distribution programs. These items are utilized in the Food Bank's programs. Valuation of these items are discussed in the inventories note below.

Donated services are recognized if the services (a) create or enhance non-financial assets; or (b) require specialized skills, are performed by people with those skills, and would have otherwise been purchased by the Food Bank and are valued at fair market value of similar items if purchased. These non-financial assets are utilized in the Food Bank's programs or as part of fundraising activities.

A substantial number of unpaid volunteers have contributed their time to the Food Bank's program and supporting services. The value of this contributed time is not reflected in these statements since it does not meet the criteria noted above.

Project Preserve[®] Revenue Recognition

Revenues are recognized when control of the product is transferred to customers, in an amount that reflects the consideration the Food Bank expects to be entitled to for those products. The nature of the Food Bank's business does not give rise to variable consideration.

Project Preserve[®] Revenue Recognition (Continued)

Project Preserve[®] sales are reported net of allowances for discounts and returns. Project Preserve[®] sells products primarily to out-of-area agencies in the Feeding America[®] Network, but also sells to partner agencies within the Food Bank's local area. In addition to selling purchased product, the program also operates a cook/chill operation, which is a method of food manufacturing that involves heating food, pumping the product into form-fill plastic bags that are heat sealed, then super cooled for approximately 45 minutes prior to freezing the product. It has utilized large amounts of donated ingredients that would have otherwise been wasted. Additionally, this operation produces tray pack meals for children's feeding, senior nutrition and partner agencies that do direct home distribution to clients in need.

Another component of Project Preserve is to provide pre-assembled boxes to the Network for regular distributions as well as disaster relief. In 2022, Project Preserve was able to respond to the needs of Network food banks by providing 345 trailer loads, or 690,000 boxes, for a total of \$12 million in sales (1.4 million boxes for nearly \$22 million in 2021 in response to the COVID-19 pandemic).

Cash

Cash consists principally of checking and deposit account balances.

Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded as contributions receivable at their net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discount on those amounts is computed using a risk-free interest rate applicable to the month in which the promise is received (3.0% as of June 30, 2022 and 2021). Amortization of the discount, if any, is recognized on the interest method over the term of the gift and included in contribution revenue.

An allowance for uncollectible contributions is provided based on management's estimate of uncollectible pledges and historical trends. Pledges deemed to be uncollectible are charged off against the allowance in the period of determination.

Accounts Receivable

The Food Bank sells purchased food and supplies to other not-for-profit agencies under the Project Preserve[®] program. Accounts receivable are reported at gross sales price less any applicable payments or adjustments. The Food Bank extends trade credit based on evaluation of those agencies' financial condition and, generally, does not require collateral. The Food Bank does not charge interest on past due accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable (continued)

The Food Bank estimates an allowance for doubtful accounts on trade accounts receivable, which may not be fully collectible, based on its knowledge of customers' individual credit circumstances, the Food Bank's historical loss experience and current economic conditions. Accounts determined to be uncollectible are charged off against the allowance in the period of determination. Subsequent recoveries of previously charged off accounts are credited to the allowance in the period received. Management estimated the allowance for doubtful accounts to be approximately \$13,100 at June 30, 2022 and \$10,700 at June 30, 2021.

Inventories

Food inventories include donated food, purchased inventory, manufactured product and undistributed commodities (United States Department of Agriculture ("USDA") and Tennessee Emergency Management Agency ("TEMA")). Donated food received from food drives, food companies, grocery stores and Feeding America[®] is valued at the estimated average market value at the date of gift for all noncash donations, based on a study commissioned by Feeding America[®], which amounted to \$1.92 per pound in 2022 (\$1.79 per pound in 2021). Commodity inventory (USDA and TEMA) is valued at the Feeding America[®] rate for food-only donations of \$1.53 in 2022 (\$1.70 per pound in 2021) and is recognized as both grant revenue and program service expense when distributed. Purchased inventory is reported at average cost, which approximates the lower of cost or net realizable value.

Investments

Investments consist of money market accounts, certificates of deposit, equities, mutual funds (including equity funds, fixed income and other funds). Money market accounts and certificates of deposit are carried at cash value plus accrued interest. Equities and mutual funds are carried at their quoted market value on the last business day of the reporting period. Interest and dividends, as well as changes in unrealized gains and losses, are recognized currently in the Statements of Activities.

Property and Equipment

Property and equipment are reported at cost at the date of purchase or at estimated fair value at the date of gift to the Food Bank. The Food Bank's policy is to capitalize purchases with a cost of \$5,000 or more and an estimated useful life greater than one year. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets as follows: five to thirty-nine years for building and improvements, two to fifteen years for equipment, three to five years for furniture and three to seven years for transportation equipment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The Food Bank classifies its assets and liabilities measured at fair value based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs).

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Investments - Equities and mutual funds are classified within Level 1 where quoted market prices are available in an active market for identical assets. If quoted market prices are unavailable, fair value is estimated using quoted prices of investments with similar characteristics, and the investments are classified within Level 2.

Donated inventory - The value of donated food is based on poundage times a standard rate. The donated food rate is updated annually based on a study commissioned by Feeding America[®], which is classified as Level 2. The inputs used in the valuation include twenty-nine product types calculating a weighted-average value for the year based on actual donated pounds by type on a national level.

Commodities - The value of federal and state commodities is based on the poundage times the standard rate determined by Feeding America[®] noted above. For all commodities, the Food Bank utilizes the 'food only' rate determined in the calculation.

There have been no significant changes in the valuation methodologies since the prior year.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Food Bank believes its valuation method is appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

Program and Supporting Services

The following program and supporting services are included in the accompanying financial statements:

Program Services - include activities carried out to fulfill the Food Bank's mission, resulting in services provided to feed those facing hunger in Middle and West Tennessee. Program services are the major purpose of the organization. The Food Bank distributes food to people in need in 46 Middle and West Tennessee counties through the following programs:

Community Food Partners - Our work includes activities conducted to fulfill Second Harvest's mission, resulting in services that provide food to people facing hunger in Middle and West Tennessee and activities that work to advance hunger solutions. Second Harvest works in 46 counties throughout Middle and West Tennessee. Specific programs within this category include:

Partner Agencies - Second Harvest provided more than 42 million pounds of food during the year ended June 30, 2022 (or nearly 35 million meals) to approximately 450 not-for-profit agencies, including food pantries, congregate meal sites, and emergency food programs. Nearly 32 million pounds of food was distributed in 2021 (or 27 million meals). These partners work throughout their respective communities to assist food insecure families.

Grocery Rescue - This program collects perishable and non-perishable food from over 280 retail partners for distribution to Partner Agencies and program sites. Products rescued and distributed include meat, produce, dairy, bread, bakery items, and dry products. During the year ended June 30, 2022, Second Harvest collected over 11 million pounds of food (equivalent to more than 9.1 million meals) and collected 7.3 million pounds of food in 2021.

SNAP Outreach - Second Harvest offers SNAP Outreach through our Emergency Food Box Sites, Mobile Pantry distributions, and Partner Agencies. SNAP, previously known as Food Stamps, assists low-income individuals & families by providing monthly assistance to purchase food. Second Harvest's Client Outreach staff shares information about the nutrition benefits of SNAP, pre-screens participants, and helps individuals complete the SNAP Application. Counselors assisted in completing approximately 1,500 applications during the year ended June 30, 2022 (1,300 applications in 2021).

Commodity Supplemental Food Program (CSFP) - Second Harvest operates CSFP which works to improve the health of low-income persons at least 60 years of age by supplementing their diets with nutritious USDA foods. In during the year ended June 30, 2022, more than 22,000 boxes were distributed to qualified seniors in Davidson County (more than 24,000 boxes in 2021).

Program and Supporting Services (Continued)

Emergency Food Box - The longest-operating program of Second Harvest provided just over one million meals during the year ended June 30, 2022 (1.3 million meals in 2021). Emergency staples, as well as produce, meat, and dairy, is provided to families in need through its eleven satellite centers in Davidson County.

Children's Feeding Programs - Second Harvest's children's feeding programs includes Kids Café[®], At Risk After School Program, Summer Food Service Program, School Pantry program, and Backpack program. Kids Café[®], At Risk After School Program, and Summer Food Service Program operates a weekly feeding program for children at risk of hunger in several area community centers and provided over 78,000 nutritious meals to children during 2022 (138,000 meals in 2021). The Backpack program meets the needs of hungry children by providing them with nutritious and easy to prepare food to take home on weekends when other resources are not available. During the year ended June 30, 2022, Second Harvest distributed over 216,000 backpacks to hungry children (200,000 backpacks in 2021). The School Pantry program is designed to increase food access for families in need. Fifty sites were operated during each of the 2022 and 2021 fiscal years, providing more than 300,000 meals.

Mobile Pantry - The Mobile Pantry program reaches nearly all of Second Harvest's 46 counties and is a large-scale, one-day distribution of perishable and non-perishable food to families in need. During the year ended June 30, 2022, more than 6.1 million pounds of food was distributed through this program's 239 events (6 million pounds at 261 events in 2021).

Supporting Services

Management and General - relates to the overall direction of the organization. These expenses are not identifiable with a particular program or with fundraising but are indispensable to the conduct of those activities and are essential to the organization. Specific activities include organization oversight, business management, recordkeeping, budgeting, financing and other administrative activities

Fundraising - includes costs of activities directed toward appeals for financial support, including special events. Other activities include the cost of solicitations and creation and distribution of fundraising materials.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allocation of Functional Expenses

Expenses that can be directly attributed to a particular function are charged to that function. Certain costs have been allocated among more than one program or activity based on objectively evaluated financial and non-financial data or reasonable subjective methods determined by management. Some expenses, such as contract labor and office and administration are allocated based on time and effort of the people working in the program and other expenses are allocated based on the number of pounds of food distributed by the program or square footage, including depreciation, occupancy and insurance.

Shipping and Handling

Shipping and handling charges billed to customers through the Project Preserve[®] program are included in sales to out of area network agencies. Associated costs are included in product transportation expense in the Statements of Functional Expenses, which is reported as a direct cost and expense of the Project Preserve[®] program in the Statements of Activities.

Income Taxes

The Food Bank qualifies as a not-for-profit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (“IRC”). Accordingly, income taxes are not provided.

The Food Bank files a U.S. Federal Form 990 for organizations exempt from income tax.

Management performs an evaluation of all income tax positions taken or expected to be taken in the course of preparing the Food Bank’s income tax returns to determine whether the income tax positions meet a “more likely than not” standard of being sustained under examination by the applicable taxing authorities. Management has performed its evaluation of all income tax positions taken on all open income tax returns and has determined that there were no positions taken that do not meet the “more likely than not” standard. Accordingly, there are no provisions for income taxes, penalties or interest receivable or payable relating to uncertain income tax positions in the accompanying financial statements.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements

In September 2020, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which requires a not-for-profit entity to present contributed nonfinancial assets in the statement of activities as a line item that is separate from contributions of cash or other financial assets. ASU 2020-07 also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets received, disaggregated by category. This ASU was effective for the Food Bank beginning on July 1, 2021 and did not result in a significant change to the financial statements.

Reclassifications

In connection with the adoption of the ASU above, the Food Bank reclassified certain items in the prior year financial statements to conform with current year presentation. Those reclassifications did not have an effect on the net assets or changes in net assets as previously presented.

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. In July 2018, the FASB issued ASU 2018-10, *Codification Improvements to Topic 842, Leases*, which makes narrow scope improvements to the standard for specific issues. In July 2018, the FASB also issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, which provides an optional transition method allowing the standard to be applied at the adoption date. In March 2019, the FASB issued ASU 2019-01, *Leases (Topic 842) Codification Improvements*, which exempts entities from having to provide the interim disclosures required by Accounting Standards Codification (“ASC”) 250-10-50-3 in the fiscal year in which an organization adopts the new leases standard.

A modified retrospective transition approach is required. An entity may adopt the guidance either (1) retrospectively to each prior reporting period presented in the financial statements with a cumulative-effect adjustment recognized at the beginning of the earliest comparative period presented or (2) retrospectively at the beginning of the period of adoption through a cumulative-effect adjustment. The new standard, which will be effective for the Food Bank July 1, 2022, provides a number of practical expedients. Upon adoption, the Food Bank expects to elect all the practical expedients available. Depending on modifications or extensions of existing leases, the adoption of the new standard could have a material impact on the financial statements.

NOTE 4 - PLEDGES RECEIVABLE

During 2014, the Food Bank began soliciting donations for a capital campaign *Setting the Table for the Future*, for expansion and improvements to more effectively distribute food to the 46-county service area. During 2019, the Food Bank broke ground on a 25,800 square foot western branch in Benton County, made renovations and additions to the Nashville facility and expanded into Rutherford County by leasing 86,000 square feet of warehouse space that houses the Project Preserve Program and serves as the operations facility for a 15-county area. Both the Benton and Rutherford County facilities opened for business during the 2019 fiscal year and the final improvements to the main Nashville facility were completed in July 2019. Collections on outstanding pledges will be utilized to pay down the related debt.

In addition to the capital campaign pledges, the Food Bank has pledges receivable for general operations.

Pledges receivable for both operations and the capital campaign consisted for the following as of June 30, 2022:

NOTE 11 - LEASE

The Food Bank leases 86,000 square feet of warehouse space that houses its Rutherford County operations facility under a seventy-five-month non-cancelable lease which expires in June 2024. Rent expense is recognized on a straight-line basis over the term of the lease.

Future minimum lease payments required under the lease is as follows at June 30, 2022:

For year ended June 30:

2023	\$ 553,498
2024	<u>564,749</u>
Total	<u>\$ 1,118,247</u>

Lease expense under this agreement and other cancellable or short-term property leases amounted to \$549,635 and \$553,625 during years ended June 30, 2022 and 2021, respectively.

NOTE 12 - BOARD DESIGNATED ENDOWMENT

In connection with the March 2022 investment policy adoption, the Board of Directors designated its long-term investment portfolio as a general endowment fund to support the long-term goals of the Food Bank. Since that amount resulted from an internal designation and is not donor-restricted, it is classified and reported as net assets without donor restrictions.

The portfolio's goal is to generate long-term growth to support the current and future spending needs of the Food Bank. While no near-term cash outflows are expected from this portfolio, the Food Bank may initiate annual distributions at any time. If distributions are made, the Food Bank intends to withdraw up to 4% of the long-term investment portfolio based on the rolling average of the fund's year-end market values over the past three years. The Board may modify the spending policy in response to extraordinary changes in the Food Bank's financial condition or in the economic and investment environments. Disbursements require Board approval. Accordingly, over the long term, the Food Bank expects the current spending policy to allow its general endowment fund to grow at an average of 4% annually. This is consistent with the objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through investment return.

To achieve that objective, the Food Bank has adopted an investment policy that attempts to maximize total return consistent with an acceptable level of risk. The objective of this portfolio is to balance the goals of maximizing total return (capital appreciation and income) while limiting the probability of a significant decline in principal. Over rolling 5-year periods, this portfolio seeks to earn a total net return that exceeds inflation (CPI) by 4%. The Food Bank recognizes that short-term market fluctuations may result in loss of capital, but the asset value of the portfolio (without any contributions or withdrawals) should grow over time if it avoids excessive risk. Actual returns in any given year may vary from this amount.

NOTE 16 - CONCENTRATIONS OF CREDIT RISK

The Food Bank maintains cash balances at financial institutions whose accounts are insured by the Federal Deposit Insurance Corporation (“FDIC”) up to statutory limits. The Food Bank’s cash balance, from time to time, may exceed statutory limits. The Food Bank has not experienced any losses in such accounts and considers this to be a normal business risk.

Investments are subject to market risk, the risk inherent in a fluctuating market. The broker/dealer that is the custodian of the Food Bank’s securities is covered by the Securities Investor Protection Corporation (“SIPC”), which provides protection to investors in certain circumstances such as fraud or failure of the institution. Coverage is limited to \$500,000, including up to \$250,000 in cash. The SIPC does not insure against market risk.

At June 30, 2022, pledges receivable from four donors amounted to \$488,482 or approximately 48% of total pledges receivable. At June 30, 2021, pledges receivable from two donors amounted to \$325,000, or approximately 38% of total pledges receivable.

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Second Harvest Food Bank of Middle Tennessee, Inc. (the "Food Bank") under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and the State of Tennessee Audit Manual. Because the Schedule presents only a selected portion of the operations of the Food Bank, it is not intended to and does not present the financial position, changes in net assets or cash flows of the Food Bank.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Food Bank has elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

OTHER REPORTS

INDEPENDENT AUDITOR’S REPORT
ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors
Second Harvest Food Bank of Middle Tennessee, Inc.
Nashville, Tennessee

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Second Harvest Food Bank of Middle Tennessee, Inc. (the “Food Bank”), a Tennessee not-for-profit corporation, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 16, 2023.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Food Bank’s internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Food Bank’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Food Bank’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Food Bank’s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE AS REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors
Second Harvest Food Bank of Middle Tennessee, Inc.
Nashville, Tennessee

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM

OPINION ON EACH MAJOR FEDERAL PROGRAM

We have audited Second Harvest Food Bank of Middle Tennessee, Inc.’s (the “Food Bank”) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Food Bank’s major federal programs for the year ended June 30, 2022. The Food Bank’s major federal programs are identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Food Bank complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

BASIS FOR OPINION ON EACH MAJOR FEDERAL PROGRAM

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S Code of Federal Regulation Part 200, *Uniform Administrative Requirement, Cost Principles, and Audit Requirement for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Food Bank and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Food Bank’s compliance with the compliance requirements referred to above.

RESPONSIBILITIES OF MANAGEMENT FOR COMPLIANCE

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Food Bank's federal programs.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF COMPLIANCE

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Food Bank's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Food Bank's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Food Bank's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Food Bank's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Food Bank's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

REPORT ON INTERNAL CONTROL OVER COMPLIANCE

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor’s Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
